VINIFICATION-MATURATION

This is our sixth Duennium blended from Merlot, Cabernet Franc and Cabernet Sauvignon. 2006 vintage was concentrated and mature so we applied long maceration on the skin (26-35 days) and several delestage. The malolactic fermentation and maturation took place in the barrels. Barrels: 225 l made out of Hungarian oak from Zemplen and Mecsek wood. Age: 50 % new and 50% 1 year old. During 18 month aging we selected the barrels with the strongest character and blended these.

BOTTLED in June 2008.

TASTING NOTES

2006 Vintage

It is a ripe and complex wine, the different varies frame a mature unity.

It has an explicit, upstanding and balanced structure with ripe tannins, vital acidity and velvety texture.

The aromas are intense and complex with notes of ripe fruits (dark forest fruits), star anise, cedar, cinnamon and clove.

The palate is massive but fruity at the same time. The rich flavour is dominated by caramel, tobacco and creamy chocolate mousse. It has a long-lasting finish, ...extension of the moment.
